The Yuma Sentinel has it from a reliable source that Arizona will in a few days be paid the sum of \$37,000 by the federal government for the keeping of Indian prisoners during the last few

Men should be elected to office with a view to their-fitness for the position, H. C. Hitchcock, druggist, and not on the sympathy racket. We have hospitals and other charitable institutions to care for the indigent and physically and mentally broken down, if they are without means to care for themselves .- Conrier.

President Diaz has issued a proclamation for a national census of the Republic of Mexico to be taken. The work must be finished by October 20th of next year. It is supposed that there are 12,000,000 people in Mexico; onethird of whom, however, speak their native Indian tongue, and are not wholly ignorant of the Spanish language.

Word came in from Walnut Grove vesterday that Homer Campbell had on the night previous shot and killed Henry McKeown and that Campbell had been caught and tied down at Wade's place by two Mexicans and two Americans, who were guarding him. The particulars are not at hand, but the row seems to have grown out of a mixture of six shooters and whiskey, the most evil producing mixture known to man .- Courier.

W. A. McGuire, a well known citizen of McKay, Ohio, is of the opinion that there is nothing as good for children troubled with colds or croup as Chamberlain's Cough Remedy, Ha has used it in his family for several years with the best results and always keeps a bottle of it in the house. After having la grippe he was himself troubled with a severe cough. He used other remedies without benefit and then concluded to try the chil- the regetable kingdom. dren's medicine and to his delight it soon effected a permanent cure. 50 cent bottles for sale by H. A haunted house in these practical and unromatic days is something of a zarity, but an individual haunted with the idea that his ailment is incurable is a personage frequently met with. Disbeliaf in the ability of medicine to cure is only a mild form of monomanis, although in some cases repeated failures to obtain relief from many different sources would almost seem to justify the doubt. Hostetter's Stomach Bitters has demonstrated its ability to overcome dyspepsis, constipation, liver and kidney trouble, malarial complaints and nervonsness, and its recorded achievements in the curative line ought at least to warrant its trial by any one troubled with either of the above ailments, even although his previous efforts to obtain remedial aid have been fruitless. Used with persistence, the Bitters will conquer the most obstinate cases.

Henry Wilson, the postmaster at Welshton, Florida, says he cured a case of diarrhosa of long standing in six hours, with one small bottle of Chamberlain's Colic. Cholera and Diarrhosa Remedy. What a pleasant surprise that must have been to the sufferer. Such cures are not unusual with this remedy. In many instances only one or two doses are required to give permanent relief It can always be depended upon. When reduced with water it is pleasant to take. For sale by H. C. Hitchcook, druggist.
